CarbonBrief

Quiz night 2026

Welcome to the 11th Carbon Brief quiz night.

We will be starting promptly at 7pm. Please feel free to make use of the bar in the meantime.

We hope to conclude the quiz around 9pm, and we must be out the room by 10pm.

Round 1. General Knowledge

0:55

1. Lucas Pinheiro Braathen won gold in the men's giant slalom at the Milan-Cortina Winter Olympics, becoming the first-ever medalist from South America at the Winter Games. What country did he represent? *(1 pt)*

(a) Argentina   (b) Bolivia
(c) Brazil   (d) Chile

2. Who did the singer Charli XCX marry at London's Hackney Town Hall in July 2025? *(1 pt)*

(a) James Blake   (b) George Daniel
(c) Jacob Elordi   (d) Barry Keoghan

3. Which of the following actors has never played Emily Brontë's female protagonist Cathy Earnshaw in a screen adaptation of Wuthering Heights? *(1 pt)*

(a) Juliette Binoche   (b) Charlotte Riley
(c) Kaya Scodelario   (d) Rachel Weisz

4. Match the national park to the country: *(7 pts)*

(a) Auyuittuq   (b) Awash   (c) Basaseachic Falls
(d) Iguazú   (d) Rondane   (e) Tatra   (f) Valley of Flowers

Mexico;   Norway;   Argentina;   Slovakia;
India;   Canada;   Ethiopia;

5. Which of the following is not a real poisonous mushroom? *(1 pt)*

(a) Autumn Skullcap   (b) Deadly Ghost
(c) Destroying Angel   (d) Fool's Webcap

6. Which male football player holds the record for the most appearances in the Premier League? *(1 pt)*

(a) Gareth Barry   (b) Frank Lampard
(c) James Milner (d) Gary Speed

7. In the 2026 season of the Traitors UK, who collected the most banishment votes at "roundtable" meetings throughout the series? *(1 pt)*

(a) Fiona   (b) Judy   (c) Reece   (d) Sam

8. Match the polar explorer to the name of their ship: *(4 pt)*

(a) John Franklin   (b) Fridtjof Nansen
(c) Robert Peary   (d) Ernest Shackleton

Fram;   Endurance;   Kite;   Erebus;

9. Donald Trump is one of only two US presidents to serve non-consecutive terms. Who is the other? *(1 pt)*

(a) Chester Arthur   (b) Grover Cleveland
(c) Benjamin Harrison   (d) James Monroe

10. Which two countries have the highest number of wins in the Eurovision song contest? *(2 pt)*

(a) Italy and France   (b) Italy and Norway   (c) Austria and Sweden
(d) Austria and UK   (e) Ireland and Sweden   (f) Ireland and Norway
(g) Luxembourg and UK (h) Luxembourg and France

General Knowledge – Answers

1. Lucas Pinheiro Braathen won gold in the men's giant slalom at the Milan-Cortina Winter Olympics, becoming the first-ever medalist from South America at the Winter Games. What country did he represent?

1. Lucas Pinheiro Braathen won gold in the men's giant slalom at the Milan-Cortina Winter Olympics, becoming the first-ever medalist from South America at the Winter Games. What country did he represent?

Brazil

2. Who did the singer Charli XCX marry at London's Hackney Town Hall in July 2025?

2. Who did the singer Charli XCX marry at London's Hackney Town Hall in July 2025?

George Daniel
(drummer of the 1975)

3. Which of the following actors has never played Emily Brontë's female protagonist Cathy Earnshaw in a screen adaptation of Wuthering Heights?

3.   Which of the following actors has never played Emily Brontë's female protagonist Cathy Earnshaw in a screen adaptation of Wuthering Heights?

Rachel Weisz

4. Match the national park to the country:

General Knowledge – Answers

4. Match the national park to the country:

Auyuittuq / **Canada**
Awash / **Ethiopia**
Basaseachic Falls / **Mexico**
Iguazú / **Argentina**
Rondane / **Norway**
Tatra / **Slovakia**
Valley of Flowers / **India**

5. Which of the following is not a real poisonous mushroom?

5. Which of the following is not a real poisonous mushroom?

Deadly Ghost

6. Which male football player holds the record for the most appearances in the Premier League?

General Knowledge – Answers

6. Which male football player holds the record for the most appearances in the Premier League?

James Milner

7. In the 2026 season of the Traitors UK, who collected the most banishment votes at "roundtable" meetings throughout the series?

7. In the 2026 season of the Traitors UK, who collected the most banishment votes at "roundtable" meetings throughout the series?

Reece (19)

8. Match the polar explorer to the name of their ship:

8. Match the polar explorer to the name of their ship:

John Franklin / **Erebus**
Fridtjof Nansen / **Fram**
Robert Peary / **Kite**
Ernest Shackleton / **Endurance**

9. Donald Trump is one of only two US presidents to serve non-consecutive terms. Who is the other?

9. Donald Trump is one of only two US presidents to serve non-consecutive terms. Who is the other?

Grover Cleveland

10. Which two countries have the highest number of wins in the Eurovision song contest?

10. Which two countries have the highest number of wins in the Eurovision song contest?

Ireland and Sweden

Your hosts for the second round:

Orla Dwyer
Policy journalist

Anika Patel
Section editor for China

CarbonBrief

Round 2. Policy

1. Match the city to the environment-related global agreement that is named after it: *(4 pts)*

(a) Addis Ababa   (b) Kigali   (c) Nagoya   (d) Ramsar

Genetic resources;   Sustainable Development Goals;
Hydrofluorocarbons;   Wetlands;

2. In 2024, which country became the first in the world to ban the import of gasoline and diesel vehicles? *(1 pt)*

(a) Ethiopia   (b) France   (c) Luxembourg   (d) Nepal

3. How many gigawatts of "non-fossil" power capacity is India aiming to build by 2030? *(1 pt)*

(a) 100   (b) 300   (c) 500   (e) 700

4. Which Australian city was expected to host COP31, before the honour ultimately went to Antalya, Turkey? *(1 pt)*

(a) Adelaide   (b) Brisbane   (c) Melbourne   (e) Sydney

5. Match the energy minister's surname to the country: *(8 pts)*

(a) Aagaard   (b) Aasland   (c) Busch   (d) Delles   (e) Hermans
(f) Multala   (g) Reiche   (h) Verlinden

Sweden;   Netherlands;   Norway;   Germany;   Denmark;
Belgium;   Luxembourg;   Finland;

6. Which of these countries is NOT a member of the Like-Minded Developing Countries bloc at UN climate talks? *(1 pt)*

(a) China   (b) Cuba   (c) Egypt   (d) Kenya   (e) Malaysia

7. At a meeting with African leaders in February, which European leader proposed the idea of "debt-suspension clauses for those nations affected by extreme climate events"? *(1 pt)*

(a) Emmanuel Macron   (b) Giorgia Meloni   (c) Friedrich Merz   (d) Keir Starmer

8. Which of these is not a real executive order signed by Donald Trump? *(1 pt)*

(a) Establishing the National Energy Dominance Council
(b) Protecting American Energy from Foreign Adversaries
(c) Putting America First in International Environmental Agreements
(d) Unleashing American Energy

9. Amid reports of accommodation shortages ahead of COP30, who advised delegates to "sleep under the stars" in Belém? *(1 pt)*

(a) COP30 president André Corrêa do Lago
(b) Brazilian environment minister Marina Silva
(c) Brazilian president Luiz Inácio Lula da Silva
(d) Belém mayor Igor Normando

10. According to the IEA's latest World Energy Outlook, electricity accounted for what proportion of total final global energy consumption in 2024? *(2 pts)*

(a) 11%   (b) 21%   (c) 31%   (d) 41%

Policy – Answers

1. Match the city to the environment-related global agreement that is named after it:

Policy – Answers

1. Match the city to the environment-related global agreement that is named after it:

Addis Ababa / **SDGs (Addis Ababa Action Agenda)**
Kigali / **HFCs (Kigali Amendment)**
Nagoya / **Genetic resources (Nagoya Protocol)**
Ramsar / **Wetlands (Ramsar Convention)**

2. In 2024, which country became the first in the world to ban the import of gasoline and diesel vehicles?

2. In 2024, which country became the first in the world to ban the import of gasoline and diesel vehicles?

Ethiopia

3. How many gigawatts of "non-fossil" power capacity is India aiming to build by 2030?

3. How many gigawatts of "non-fossil" power capacity is India aiming to build by 2030?

500

4. Which Australian city was expected to host COP31, before the honour ultimately went to Antalya, Turkey?

4. Which Australian city was expected to host COP31, before the honour ultimately went to Antalya, Turkey?

Adelaide

5. Match the energy minister's surname to the country:

Policy – Answers

5. Match the energy minister's surname to the country:

(Lars) Aagaard / **Denmark**
(Terje) Aasland / **Norway**
(Ebba) Busch / **Sweden**
(Lex) Delles / **Luxembourg**
(Sophie) Hermans / **Netherlands**
(Sari) Multala / **Finland**
(Katherina) Reiche / **Germany**
(Annelies) Verlinden / **Belgium**

Round 3. Science

0:55

1. What is the temperature at which Celsius and Fahrenheit are equal numerically on their respective scales? *(1 pt)*

(a) -18 degrees   (b) -29 degrees   (c) -40 degrees   (d) -51 degrees

2. In BBC One's The Trick – the 2021 dramatisation of the so-called "Climategate" affair – which actor played UEA climate scientist Prof Phil Jones? *(1 pt)*

(a) Mark Bonnar   (b) Rory Kinnear   (c) David Thewlis   (d) Jason Watkins

3. Rank these four climate-related disasters of 2025 from the most to the least costly in terms of economic damages, according to the reinsurance firm Gallagher Re: *(4 pt)*

(a) China's monsoon floods   (b) Cyclone Senyar
(c) Hurricane Melissa   (d) Los Angeles fires

4. What was the average global atmospheric level of CO2 in the year that Arctic sea ice extent recorded its smallest-ever summer minimum extent? *(2 pt)*

(a) 385.02   (b) 392.65   (c) 397.34   (d) 403.70

5. Of these quotes from Donald Trump on climate and energy, which TWO did he NOT say: *(2 pt)*

(a) "It's freezing in New York – where the hell is global warming?"
(b) Sea level rise is "going to create more oceanfront property."
(c) "The concept of global warming was created by and for the Chinese."
(d) "You wanna see a bird cemetery? Go under a windmill sometime."
(e) "The environment is very important to me. Someone wrote a book that I'm an environmentalist.";
(f) "The Paris Climate Agreement is the worst deal of the MILLENNIUM."
(g) "This very expensive GLOBAL WARMING bullshit has got to stop."
(h) "Why worry about heatwaves when you have air-conditioning?"

6. According to the IPCC's uncertainty framework for likelihood, what percentage range corresponds to the term "very unlikely"? *(1 pt)*

(a) 0-1%   (b) 0-5%   (d) 0-10%   (e) 5-15%

7. Rank these sources of climate information in terms of trustworthiness (from highest to lowest), according to a 2025 study using public polling from seven global south countries: *(6 pt)*

(a) Family   (b) Local government   (c) Religious leaders   (d) Scientists
(e) Social media   (f) Television

8. In 2025, the heat content of the world's oceans increased by around 23 zettajoules. This is how many times as much as the total energy produced by all human activities on Earth in a year? *(1 pt)*

(a) 9   (b) 19   (c) 29   (d) 39

9. Approximately how many public comments have been submitted in response to the now-withdrawn draft US Department of Energy "critical review" on climate change, published last summer? *(1 pt)*

(a) 30,000   (b) 45,000   (c) 60,000   (d) 75,000

10. The Antarctic Treaty, which mandates "freedom of scientific investigation in Antarctica and cooperation toward that end", was signed by 12 countries in which year? *(1 pt)*

(a) 1899   (b) 1919 (c) 1939 (d) 1959

1. What is the temperature at which Celsius and Fahrenheit are equal numerically on their respective scales?

1. What is the temperature at which Celsius and Fahrenheit are equal numerically on their respective scales?

-40 degrees

2. In BBC One's The Trick – the 2021 dramatisation of the so-called "Climategate" affair – which actor played UEA climate scientist Prof Phil Jones?

2. In BBC One's The Trick – the 2021 dramatisation of the so-called "Climategate" affair – which actor played UEA climate scientist Prof Phil Jones?

Jason Watkins

3. Rank these four climate-related disasters of 2025 from the most to the least costly in terms of economic damages, according to the reinsurance firm Gallagher Re:

10. The Antarctic Treaty, which mandates "freedom of scientific investigation in Antarctica and cooperation toward that end", was signed by 12 countries in which year?

1959

Match the quote to the author

IMPORTANT: There are 10 quotes to answer, but 12 options – so you should have 2 authors left over at the end.

Possible answers

Peter Betts: The Climate Diplomat
Chris Funk: Drought, Flood, Fire
Bill Gates: How To Avoid A Climate Disaster
Amitav Ghosh: The Great Derangement
Naomi Klein: This Changes Everything
Tim Lenton: Positive Tipping Points

James Lovelock: Gaia
Kate Marvel: Human Nature
Saffron O'Neill: The Visual Life Of Climate Change
Fredi Otto: Climate Injustice
Tim Woollings: Jet Stream
Peter Stott: Hot Air

1

"I saw an opportunity to show that climate change didn't just pose a deadly threat for the future. It was a deadly threat that had already arrived."

2

"This is not about saving the climate or humanity. Quite simply, it is about saving human dignity and rights – for all of us."

3

"Culture generates desires – for vehicles and appliances, for certain kinds of gardens and dwellings – that are among the principal drivers of the carbon economy."

4

"My colleagues attest that ministers who despise their officials are increasingly common."

5

"Pollution is not, as we are so often told, the product of moral turpitude. It is an inevitable consequence of life at work."

6

"Here I am, sitting where many other climate scientists have sat before, all of us essentially saying the same things. There has been an incredibly long history of this nonsense: scientists finding things out, others pretending we didn't."

7

"We have a large and understandable incentive to stick with what we know, even if what we know is killing us."

8

"We were camped on thin ice, but metaphorically we are all on thin ice – and our collective actions are melting it."

9

"… our economic system and our planetary system are now at war. Or, more accurately, our economy is at war with many forms of life on Earth, including human life."

10

"How greenhouse gases warm the atmosphere is pretty straightforward. It is really important that we all understand this. But almost nobody does, because it is not something that we are taught in school."
